

30 CHAPTERWISE IMPORTANT QUESTIONS

English Language and Literature (184) | CBSE 2026-27

A Triumph of Surgery

Footprints Without Feet | Board-examinable literature

30 original revision questions with answers: short-answer, competency, assertion-reason and long-answer practice. Set is based on the current syllabus and official question-paper style; it is not a prediction or an official CBSE paper.

Question 1

What causes Tricki's poor health, and how does Mr Herriot treat him?

Answer:

Overfeeding and lack of exercise make Tricki weak and overweight. Mr Herriot gives him a controlled diet, activity, and company with other dogs instead of an operation.

Question 2

Why does Mrs Pumphrey misunderstand Tricki's recovery?

Answer:

She assumes that medical treatment has produced a dramatic surgical cure. In reality, a simple routine and removal of excessive food restore his health.

Question 3

What does the story say about responsible pet care?

Answer:

Affection must include sensible feeding, exercise, and attention to an animal's real needs. Overindulgence can harm a pet even when it comes from love.

Question 4

What is the central idea or skill tested in A Triumph of Surgery?

Answer:

The central focus is: Overfeeding and lack of exercise make Tricki weak and overweight. This is the starting point for a strong answer from this chapter.

Question 5

Write two relevant points for a short answer based on A Triumph of Surgery.

Answer:

First point: Overfeeding and lack of exercise make Tricki weak and overweight. Second point: She assumes that medical treatment has produced a dramatic surgical cure. Link the two points clearly instead of listing them without explanation.

Question 6

How does the first key idea in A Triumph of Surgery lead to an important result or conclusion?

Answer:

Begin with the key idea: Overfeeding and lack of exercise make Tricki weak and overweight. Then connect it to the result: She assumes that medical treatment has produced a dramatic surgical cure.

Question 7

What evidence, calculation, incident or concept best supports the first main idea in A Triumph of Surgery?

Answer:

Use this supporting detail: Overfeeding and lack of exercise make Tricki weak and overweight. Mr Herriot gives him a controlled diet, activity, and company with other dogs instead of an operation. The relevant detail should be stated before giving the final conclusion.

Question 8

Explain the importance of the second major idea in A Triumph of Surgery.

Answer:

She assumes that medical treatment has produced a dramatic surgical cure. In reality, a simple routine and removal of excessive food restore his health. Its importance lies in showing how the chapter develops the topic beyond a simple fact or definition.

Question 9

What common mistake should a student avoid while answering a question from A Triumph of Surgery?

Answer:

Do not give only a conclusion. Explain the reasoning with a correct detail, such as: Affection must include sensible feeding, exercise, and attention to an animal's real needs.

Question 10

Compare the first and second important ideas in A Triumph of Surgery.

Answer:

The first idea is: Overfeeding and lack of exercise make Tricki weak and overweight. The second idea is: She assumes that medical treatment has produced a dramatic surgical cure. A complete comparison states both the difference and the connection between them.

Question 11

Show a cause-and-effect link from A Triumph of Surgery.

Answer:

Cause or starting point: Overfeeding and lack of exercise make Tricki weak and overweight. Effect or outcome: She assumes that medical treatment has produced a dramatic surgical cure. Use connecting words such as 'therefore', 'as a result', or 'thus'.

Question 12

What is the most useful sequence for explaining the main content of A Triumph of Surgery?

Answer:

A clear sequence is: Overfeeding and lack of exercise make Tricki weak and overweight. Next, She assumes that medical treatment has produced a dramatic surgical cure. Finally, Affection must include sensible feeding, exercise, and attention to an animal's real needs.

Question 13

Give a 40-50 word answer outline for an important question from A Triumph of Surgery.

Answer:

Start with the direct answer: Overfeeding and lack of exercise make Tricki weak and overweight. Add one supporting point: She assumes that medical treatment has produced a dramatic surgical cure. End with the outcome or message: Affection must include sensible feeding, exercise, and attention to an animal's real needs.

Question 14

How should you support an English literature answer from A Triumph of Surgery?

Answer:

Use a relevant incident, character action, theme, or poetic image: Overfeeding and lack of exercise make Tricki weak and overweight. Then explain what it reveals about the character, situation, or message.

Question 15

How can an examiner see that you understand, rather than memorise, A Triumph of Surgery?

Answer:

Connect the idea to its reason or result. For instance: She assumes that medical treatment has produced a dramatic surgical cure. Then explain why this point matters in the chapter's context.

Question 16

State one inference that can be drawn from the main situation or concept in A Triumph of Surgery.

Answer:

A sound inference is that affection must include sensible feeding, exercise, and attention to an animal's real needs. This inference must be supported by a relevant point from the chapter.

Question 17

Frame a short competency-based response using the first two ideas in A Triumph of Surgery.

Answer:

Apply the concept by first stating: Overfeeding and lack of exercise make Tricki weak and overweight. Then justify the response with: She assumes that medical treatment has produced a dramatic surgical cure.

Question 18

What would make an answer from A Triumph of Surgery incomplete?

Answer:

An answer is incomplete if it omits the explanation or final implication. Include both: Overfeeding and lack of exercise make Tricki weak and overweight. Also add: Affection must include sensible feeding, exercise, and attention to an animal's real needs.

A Triumph of Surgery - Continued

Question 19

Prepare an Assertion-Reason style explanation based on A Triumph of Surgery.

Answer:

Assertion: Overfeeding and lack of exercise make Tricki weak and overweight. Reason: She assumes that medical treatment has produced a dramatic surgical cure. Check whether the reason actually explains the assertion before choosing an option.

Question 20

How should you justify an answer from A Triumph of Surgery in two clear steps?

Answer:

Step 1: state the concept or event - Overfeeding and lack of exercise make Tricki weak and overweight.
Step 2: support it with the explanation or result - She assumes that medical treatment has produced a dramatic surgical cure.

Question 21

What answer structure is suitable for a 3-mark question from A Triumph of Surgery?

Answer:

Use three connected points: Overfeeding and lack of exercise make Tricki weak and overweight. She assumes that medical treatment has produced a dramatic surgical cure. Affection must include sensible feeding, exercise, and attention to an animal's real needs. Keep the points specific and write them in a logical order.

Question 22

What answer structure is suitable for a 5-mark question from A Triumph of Surgery?

Answer:

Give an introduction, develop these key points - Overfeeding and lack of exercise make Tricki weak and overweight. She assumes that medical treatment has produced a dramatic surgical cure. - and close with: Affection must include sensible feeding, exercise, and attention to an animal's real needs. Add a diagram, equation, example, or textual reference where relevant.

Question 23

How can the ideas in A Triumph of Surgery be applied to a new situation or case study?

Answer:

Identify the relevant principle first: Overfeeding and lack of exercise make Tricki weak and overweight. Then use the chapter's reasoning to explain the case: She assumes that medical treatment has produced a dramatic surgical cure.

Question 24

Which detail from A Triumph of Surgery is most likely to earn an extra mark when explained correctly?

Answer:

A useful detail is: Affection must include sensible feeding, exercise, and attention to an animal's real needs. Explain it in context instead of using it as an isolated statement.

A Triumph of Surgery - Continued

Question 25

Write a brief concluding statement for an answer on A Triumph of Surgery.

Answer:

A suitable conclusion is: Affection must include sensible feeding, exercise, and attention to an animal's real needs. This conclusion should follow naturally from the explanation rather than introduce a new point.

Question 26

Make a three-point revision note for A Triumph of Surgery.

Answer:

1. Overfeeding and lack of exercise make Tricki weak and overweight. 2. She assumes that medical treatment has produced a dramatic surgical cure. 3. Affection must include sensible feeding, exercise, and attention to an animal's real needs. Revise these points with the chapter's examples, terms, and practice questions.

Question 27

How would you self-check an answer from A Triumph of Surgery before submitting it?

Answer:

Check that you have answered the exact question, used the key idea - Overfeeding and lack of exercise make Tricki weak and overweight. - and supported it with a reason, example, calculation, or outcome such as: She assumes that medical treatment has produced a dramatic surgical cure.

Question 28

Why does A Triumph of Surgery remain important for revision?

Answer:

It combines factual recall with explanation and application. The main takeaways are: Overfeeding and lack of exercise make Tricki weak and overweight. She assumes that medical treatment has produced a dramatic surgical cure. Affection must include sensible feeding, exercise, and attention to an animal's real needs.

Question 29

Create a final 60-80 word answer plan for a long question from A Triumph of Surgery.

Answer:

Opening: Overfeeding and lack of exercise make Tricki weak and overweight. Development: She assumes that medical treatment has produced a dramatic surgical cure. Conclusion: Affection must include sensible feeding, exercise, and attention to an animal's real needs. Use complete sentences and include all required evidence, steps, or references.

Question 30

What is one last-minute revision question you should ask yourself about A Triumph of Surgery?

Answer:

Ask: 'Can I explain why this is true or important?' A correct self-answer should include: Overfeeding and lack of exercise make Tricki weak and overweight. and She assumes that medical treatment has produced a dramatic surgical cure.
